

The Perspective Shift... The Human Advantage

Thriving in an AI and *Fast-Changing* World

Hosted by Savvas Leondas –
Human Behavioural Specialist

Savvas brings decades of experience in behavioural psychology and business development. His engaging and thought-provoking style challenges the way professionals think, sell, and connect — helping them create genuine, lasting results.

Join a small, select group of like-minded professionals for a 12-week journey of growth, insight, and meaningful conversation.

**This is not a lecture — it's a shared experience.
A place to explore ideas, challenge your thinking, and
discover new ways of showing up in life and work.**

- Key concepts, powerful 'nuggets' practical tips, mindset tools
- Practical insights and strategies to help you grow your self-awareness and confidence
- Tools for communication, emotional resilience, and mindset mastery
- Real-world wisdom shared in a relaxed, supportive environment
- Meaningful connections with others on a similar journey

**For Leaders, Business Owners and Professionals on
remaining highly relevant, adaptable, influential and
engaging in a world where technology is accelerating.**

**Expand your Awareness
Ignite your Potential
Take Yourself to the Next Level**
